INTRODUCING

ECOCHARGER PROBIOTIC LF-99 AQUA

ACTPRO with Patented Probiotic Activation Technology

Over 20 billion bacteria in every single milliliter

Revolutionary Probiotic for Shrimp Hatchery

THE PATENTED SOLUTION FOR IMPROVED GUT HEALTH

Boosts Immunity

9 Strains of Proprietary, beneficial bacteria selected to boost immunity

Improves Environment

Control of harmful Hydrogen Sulfide and ammonia

Improved Survival Rate

Improved shrimp survival and feed conversion ratio

Approved by Coastal Aquaculture Authority of India Reg No: CAA/APR19/PRO/03411

CAA Certified Antibiotic-free Product

Product of Vietnam

CRESCO Objectives

CRESCO aims to cultivate and produce huge quantitative of Algae for Aquaculture Industry for use as Feed and Nutrition agent. It aims for Mass production of Spirulina and value added products with an initial Target of 1Ton per month. Gradually it aims to develop large scale Algae ponds and be one of the largest producer of Spirulina – both for domestic consumption and also for International exports.

CRESCO and MICROALGAE Production

Cresco aims to produce large quantities of Algae and Microalgae. This would encompass production of economically important algal species like *Spirulina sp*, *Chlorella sp*, *Dunaliella sp*, *Hematococcus sp*, *Nanochloropsis sp*, *Diatoms*, etc. These are highly useful in the Aquaculture industry as Fish Nutrition.

CRESCO ALGAE FORT

RS No. 6, Doddanpudi Village, Akiveedu Sub Division,
Kalla Mandal, West Godavari Dist,
Andhra Pradesh. PIN - 534 237.
